

SANDERS FODDER

WINTER NEWSLETTER

THINGS TO DO IN WINTER

Foxlights a predator deterrent can help protect new lambs.

Herbicides and spray equipment available for weed control.

Offering salt and mineral licks is encouragement to drink water during colder times. Lack of water intake has been shown to contribute to colic in horses.

We've noticed an increased demand for mouse baits as there are more of the critters around.

We are still selling seeds for sowing pasture or crops.

Beat the winter with dog coats and horse rugs now in stock

CARROTS still only \$6.50 for a 20kg bag

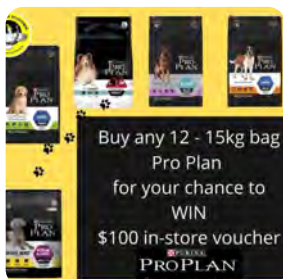

LAMPS, GLOBES, HEATERS AND SUPPLIES FOR YOUR CHICK REARING

NEWS AROUND THE SHOP

We are proud to be sponsors of Gawler Harness Club, Adelaide Plains Kennel & Obedience, Highland Cattle Assoc, Eudunda Show.

Staff changes: Noah has replaced Malakai who has taken up a diesel apprenticeship. Olivia has taken on more hours and Sally has joined us part time after Jude left for new career opportunities. Jessie's Uni workload means she is no longer regularly available so Ian is under taking training to fill Saturdays and some mid-week work.

Olivia enjoyed her recent training and is planning some new events, specifically dog related. Please complete the short survey above to help her decide the focus of these events.
