THINGS TO DO IN AUTUMN

In the garden: We have pea straw for mulching and a key range of Neutrog fertilisers. A good time to consider the worming needs of your cats and dogs, we have complete treatments for worms, mites and fleas in spot-on and chews. We also sell worming tablets individually. Horse wormers in drench, paste and granules. Products also in stock for sheep, goats and cattle.

Review the water needs for your animals: see the range of Polymaster products including feeders, troughs and tanks.

Provide licks for your animals as they contain the necessary minerals to supplement when they need it most.
